

The capacity of a LLM-enabled system to perceive its environment,
maintain internal state, and **autonomously choose actions** that
causally influence the external world.

What is an *agent*?

Operator

Research Preview

A snake plant (Sansevieria) is positioned in the center of the frame. The background is a blurred office environment with a window showing a grid pattern and a faint circular logo. The lighting is soft, and the overall tone is professional and modern.

Operator

A snake plant (Sansevieria) with long, upright, sword-shaped leaves, some showing yellow variegation, growing in a brown pot. The plant is positioned in the center-right of the frame. The background is a blurred indoor setting with a window showing a grid pattern and a shadow of the plant on the wall to the right.
